Account.

Read—the following papers :—

I

Letter—from S. B. Murray, Esq., Superintending Engineer, VI Circle.
To—the Chief Engineer for Irrigation.
Dated—Trichinopoly, the 30th January 1913.
No.—174 C.E.

I have the honour to forward herewith for your approval and the sanction of Government plans and estimates amounting to Rs. 1,050 for constructing sheds for two bankers employed to look after a portion of the ninth distributary, XII branch channel in Periyār system at Tāniyamangalam, Melur taluk, Madura district.

The amount of estimate is distributed as follows :—

	RS.
(i) Main building	1,002
(ii) Compensation for land as per schedule	48
Total ...	1,050

The necessity for this work is explained in the report attached to the estimate.

The building will be constructed at the site shown on plan M. No. 167 B. of 1912.

The rates are supported by data and the estimate is recommended for sanction.

Enclosure.

Report to accompany the estimate for constructing sheds for two bankers at Taniyamangalam.

	RS.
Amount of estimate	1,050

The channels in Tāniyamangalam require careful watching during rainy weather as some of them receive flood water, and it is often necessary to suddenly turn out at night and regulate sluices to deal with excess water. At present the Sub-Overseer lives in Government quarters which are some three or four furlongs from the nearest village, and he has no bankers near him whom he can depend on to help him to deal with emergencies. It is necessary that he should have some bankers at hand at all times, and the only way to ensure this is to build bankers' quarters close to the Sub-Overseer's quarters.

There is not enough room in the present Sub-Overseer's compound for these new quarters and it is therefore necessary to acquire some land. There is a convenient piece of dry land available between the ninth distributary and the Sub-Overseer's compound at a fairly cheap rate. This it is proposed to acquire. Portion of it will be used for a badly needed path from the Sub-Overseer's compound to the channel.

This estimate provides for acquiring the above piece of land and for building quarters for two bankers. The building will follow in design that built for lascars at Pulipatti a few years ago. Rough stone will be used instead of bricks as bricks cannot be had anywhere in the neighbourhood and stone is available within a reasonable distance.

The rates have been kept as low as they possibly can and the work will be done as cheaply as possible. Data for the rates accompany. Land plan and schedule for the land also accompany.

V. Hart,
Executive Engineer, Madura Division.

II

Endorsement by the Chief Engineer for Irrigation, R.O.C. No. 341/13, dated 20th March 1913.

Submitted to Government with the recommendation that the estimate for constructing sheds for the bankers be sanctioned.

H. E. CLERK,
Chief Engineer for Irrigation.

To the Joint Secretary to Government, Public Works Department (Irrigation Branch).

Order—No. 190 I., dated 28th March 1913.

The recommendation of the Chief Engineer for Irrigation is approved and the following estimate sanctioned :—

Imperial.
Capital Expenditure not charged to Revenue.
49. Irrigation.
Periyār system.
Open Capital Account.
I. Works.
3. Distributaries.
Constructing sheds for two bankers at Tāniyamangalam.

	RS.
B. Land compensation for land	48
K. Buildings—constructing sheds	1,000
O. Miscellaneous demarcation stones	2
Total I Works	1,050
II Establishment ...	230
Grand Total ...	1,280

2. The sanction accorded in paragraph 1 above is registered as No. 157-I. of 1912–13 and will expire on 31st March 1914.

(True Extract.)

H. E. CLERK,
Joint Secretary to Govt., P.W.D., Irrigation Branch.

To the Chief Engineer for Irrigation.
„ Superintending Engineer, VI Circle, with two plans and estimate.
„ Accountant-General, Madras.

NOTES CONNECTED WITH G.O. No. 190 I., DATED 28TH MARCH 1913.

[SUBJECT.—*Sanctioning an Estimate for constructing sheds for two bankers at Thaniamangalam, Periyār system.*]

Note by the Chief Engineer for Irrigation, dated 20th March 1913, R.O.C. No. 341/13.

Under Secretary—
Joint Secretary—

A draft order sanctioning the estimate is submitted.

2. In accordance with India's letter No. 38 I., dated 27th February 1889, communicated with G O. No. 686 W., dated 8th March 1889, members of the Irrigation and Navigation establishments on pay not exceeding Rs. 20 per mensem are allowed rent-free quarters. It is presumed that the pay of the bankers for whom the quarters are proposed to be built will be less than Rs. 20 per mensem.

S.A.V.—17-3-13.

This is a case where the concession of rent-free quarters to a particular class of officers has been accepted by Government. It need not go to Financial under rule 8 (vi) (*c*) (*i*) of the rules regulating interdepartmental references.

The draft order may issue.

M.S.V.—19-3-13.

F. E. MORGAN—19-3-13.
H. E. CLERK—20-3-13.

[Issued as G.O. No. 190 I., dated 28th March 1913.]
